The Office of International Students and Scholars (OISS) assists University departments and units by counseling, preparing, and submitting forms and necessary documents to the Bureau of Citizenship and Immigration Services (BCIS) for those persons who will continue in temporary positions with UCLA.

INS is the government agency, which determines whether the alien is eligible for continued H-1 classification. Under current regulations, UCLA is required to have an approved labor condition application (LCA) from the Department of Labor before we can apply to INS to extend the alien's stay. To file the LCA, UCLA is required to attest that the alien will be paid the prevailing wage; that UCLA will provide working conditions that will not adversely affect the working conditions of U.S. workers; that there is no strike or lockout at the time that the LCA is filed; that UCLA has either notified the appropriate bargaining representative of filing an LCA or posted a notice of filing at two locations.

The hiring department is required by law to pay the reasonable cost of the alien's return transportation abroad if the alien is dismissed before the end of the period of authorized employment.

We suggest the department submit the documents listed below to OISS at least two months before the current H-1 status expires. This should allow adequate time for UCLA, Department of Labor, and BCIS processing of the extension application. If you have any questions please call Ping Lee at 825-1681.

The department should provide OISS with all the documents listed below.
